Edward Mortimer and Elmer Newell, Victims of Insufficient Mastication of Food.

Two deaths, that of Edward Mortimer of No. 1907 California avenue, 77 years old, and Elmer Newell, 16 years old, of No. 7414 Virmastication of food.

Mr. Mortimer, who had lived in St. Louis since 1842, and had been connected with the St. Louis Mutual Building Company as architect for twenty-five years, died at 8:45 yesterday morning, after an illness of but a few hours. Sunday at supper he ate a quantity of new corn, which was the first he had partaken of this season. Investigation by the doctors proved that the corn was not sufficiently masticated and that the digestive organs, which in a person of Mr. Mortimer's age are naturally weak, falled to assimilate the food. Mr. Mortimer's wife was aroused about midnight by his grouns and physicians worked on him until his death.

Young Newell died several hours after he yesterday morning, after an illness of but

and physicians worked on him until his death.

Young Newell died several hours after he had eaten four hamburger sandwiches. He came home at 19 o'clock Sunday night and retired upon his arrival.

About midnight he called his mother. When she reached his sid his lips were coloriess, and he could hardly breathe. He died before a physician could be called. George Bloomingthal of No. 6133 South Broadway, and James Murphy of No. 6133 South Broadway, who were with Newell all day, say he ate burriedly.

A verdict in accordance with these facts was rendered by the Coroner in each case. Mr. Mortimer leaves a wife and five children; William Mortimer, a plumber of No. 1827 California avenue; Benjamin, a plumber, of New York; Mrz. Mary Conner of No. 1821 California avenue, and Mrs. Nellie Fresch of Memphis. The body will be cremated.

# SOMETHING ENTIRELY

Life Insurance at Greatly Reduced Cost.

The Provident Savings Life Assurance Society of New York ----AND-----

The St. Louis Republic Unite in a Progressive Business Movement,

20 AD AD AD AD AD AD AD AD AD AD

The Republic has arranged with the Provident Savings Life Assurance Society of New York, one of the leading old line life insurance companies, to furnish life insurance at a greatly reduced cost. Under the new plan The Republic enables policy holders to save half the premium on every policy issued, so the cost of carrying the policy is reduced one-half.

For example-A person 30 years old can carry from 50 to \$250 insurance by paying from 10 to 50 cents at the end of each month. A similar policy taken out in one of the industrial companies would not only cost much more, but the premiums would have to be paid in advance the first of each week. By The Republic plan you have the insurance for a whole month and then save balf the premlum.

This is intermediate insurance. It embodies the best features of the regular life policies for large amounts. The benefits can go to wife and family, father or mother, brother or sister, son or daughter, as may be desired; or they can go to the estate of the policy holder, to be used as a burial fund, or they can constitute a special legacy to any particular person,

The policy provides for payment of the full amount of insurance from the very beginning of the policy term. In the case of policies for small amounts, issued by other companies, there is only a partial payment in case of death during the first year of the policy. This policy calls for full payment at once, even if death occurs the day after the policy is delivered.

Cash surrender values are allowed under the policy after the first three years. Generally the holders of policies for small amounts can get a cash payment on surrender of a policy only at the end of fifteen or twenty years.

The policy holder has to pay no fee for medical examination, his entire outlay being covered by the monthly premiums; and all the arrangements for effecting policies have been made as simple as it is possible to make them.

As many as five different persons can be insured in each household if the ages are not under ten or over sixty years. The amount of insurance which can be secured on each policy under The Republic Provident plan is graded according to age. At 10 years, \$75 to \$375; at 20 years, \$63 to \$315; at 30 years, \$50 to \$250; at 40 years, \$40 to \$200; at 50 years, \$25 to \$125; at 60 years, \$16 to \$80. Intermediate amounts in the same ratio are given for the ages between 10 and 20, 20 and 30, etc.

The Republic saves half of every premium under its new plan of life insurance, because its methods cut down the cost of getting and carrying policies. This is accomplished by dispensing entirely with an expensive force of insurance solicitors, collectors, managers of offices, etc. The Republic's regular force of subscription canvassers and collectors attend to this work, thereby saving half the cost of administration. This saving is effected for the benefit of the policy holders. It is a large economy produced by the application of modern methods of organization and system. The policy holder gets the whole benefit, so the insurance premium is cut down fifty per cent.

The Provident Savings Life Assurance Society ranks among the stro and best life insurance companies in America. Its business policy is safe, conservative and wisely progressive. It is because of these facts that it has been selected by The Republic to carry out the new insurance plan. Double protection is secured where a newspaper, with a record of successful and continuous publication for nearly a century, is connected with the insurance contract,

The Republic could not afford to offer life insurance unless it knew the company writing the policies to be absolutely sound and unquestionably responsible. It unhesitatingly commends the Provident Savings Life Assurance Soclety; commends it not only upon the basis of the business statement the company makes public, which is given elsewhere, but upon the basis of the more minute and detailed statement submitted under oath to the Missouri State Superintendent of Insurance, and finally, on the basis of the subjoined certificate given by Hon, C. P. Ellerbe of St. Louis, late Missouri Superintendent of Insurance and a specialist of national reputation in all matters relating to insur-
